Hello Neighbors,

As of today, our neighborhood seems to be in good standing. I haven't received any complaints or concerns from anyone so I am assuming all is well.

- The mini motorized bikes are still roaming or should I say speeding down our streets, but I can never get a complete glimpse to identify the person or the color of the bike.
- I've been lucky so far that when I step onto my lawn that I haven't step on any dog poop which is my ugliest, messiest nightmare so I am happy so far about that.
- Seems like the rain is calming down which has done wonders to my little garden which now brings the lawn mower out, but I am okay with it.
- Kathy Bergdolt and Jody Krumm sent me some great suggestions which I would like to organize and fit into my schedule so I'll see how much I can squeeze in throughout the summer. One of the things Kathy mentioned was getting names of our graduates to announce in our newsletters and getting neighbors more involved in setting up posters and passing out flyers for our NNO party. Jody suggested small block parties throughout our neighborhood. If I can get the help and volunteers then we can make this work as a team.
- Enjoy your weekend and see you on Thursday!
